Re: Julia Lysakovskaya – Letter of Recommendation

I find it great pleasure to recommend Mrs. Julia Lysakovskaya for a position as an arbitrator in the HKIAC.

Mrs. Lysakovskaya is actively involved in various fields and has the expertise directly related and relevant to such a position in your distinguished institution. Mrs. Lysakovskaya who is a jurist with a vast legal education, acted as a finance director; head of legal departments for various companies; deputy director of legal affairs in various IT projects; and is currently serving as the head of the legal department of a large foreign company. She is also a certified mediator in Belarus.

Mrs. Lysakovskaya is a senior lecture in International and European law, specializing inter alia in economic and construction law with international and comparative aspects. She is currently a Ph.D candidate in the European Humanities University in Vilnius Lithuania. Her academic qualification and experience helped her to acquire excellent writing skills.

As an international arbitrator and a scholar in that field, I came across Mrs. Lysakovskaya while helping to establish an international center for Alternative Dispute Resolution in Minsk, during which I delivered various Master Classes and advanced training for mediators and arbitrators from all around Eastern Europe. Mrs. Lysakovskaya actively participated and assisted in many of them.

I was highly impressed by the excellent abilities of Mrs. Lysakovskaya in both fields of mediation and arbitration, being a bright person, charismatic and analytic in mind. I found her highly experienced in analyzing complicated legal conflicts and extremely motivated and original in finding or creating colorful solutions. Mrs. Lysakovskaya possess the necessary authority, knowledge and judicial nature require to serve as an arbitrator in a multi complex international conflicts.

I should also note that Mrs. Lysakovskaya translated my comparative international law article to Russian due to her excellent understanding and grasping of the English language.

As one of Israel's leading international arbitrator and mediators who came across many distinguished arbitrators around the world (inter alia in my capacity as an ICC arbitrator) I am truly convinced that Mrs. Lysakovskaya has all the necessary ingredients to become one.

I therefore strongly recommend Mrs. Lysakovskaya for the position as an arbitrator.

Best Regards,

Adv. Dr. Amos Gabrieli, Arbitrator & Mediator

A. Gabrieli & Co.

To Whom it may concern,

I, Natallia Bondarenko, Doctor of Law, Professor, Head of Economic Law Department of the Belarusian State University¹, hereby confirm that I know Lysakovskaya Julia since 2018 when we were engaged under the arbitration agreement referring to the Arbitration Rules of the SCC Arbitration Institute or the Arbitration Institute of the Stockholm Chamber of Commerce.

Julia was the representative of the defendant (the client under the international construction contract within biggest investment project in Minsk, Belarus), prepared the legal position of the defendant, participated in oral hearings. I was an expert on applicable law (the law of the Republic of Belarus).

Research and scientific work

Currently, Julia is completing her PhD thesis on the topic of “Agency Legal Relations”. In the framework of her research Julia published more than 20 scientific articles and reports at international conferences, co-authored two monographs, among them collective monograph “Country Marketing” (Minsk, 2022), which was prepared by the Department of Economic Law of the Belarusian State University under the my editorship and is a major contribution to the development of the theory of legal science, as well as one of the first attempts to institutionalize country marketing and country branding as integral elements of fiscal and prudential regulation, the formation of their legal and political doctrine. The monograph has been prepared on the basis of Belarusian doctrinal material and legislation, but it may be in demand in other countries². It

Since 2020, at my invitation, Julia Lysakovskaya is a senior lecturer of the Department of Economic Law of the Faculty of Law, a representative of the Scientific School of Economic Law of the Belarusian State University. She enjoys well-deserved authority both among colleagues and management, and among students.

Julia Lysakovskaya alone and co-authored with other scientists developed interdisciplinary courses for graduate students, including the English-language program in the specialty International commercial law (students from the People’s Republic of China): Methodology of economic analysis of law, Legal basis of economic risks, Economic law, Fiscalistics, Fundamentals of business activity, Legal support of start-ups, Corporate disputes, Contract law and legal drafting, E-commerce.

The experience of interaction and work with Ms. Lysakovskaya allows me to characterize her as a highly qualified lawyer, scholar, researcher with brilliant analytical skills, skills to compare legal facts with legal doctrine, interpretation and comparison with legal norms.

Rulemaking process experience

Julia was the author of scientific and legal conclusions in the preparation of a number of legislative acts, such as:

Code of the Republic of Belarus On Architectural, Urban Planning And Construction Activities, July 17, 2023 No. 289-Z; Julia’s suggestions and comments were taken into account, and the Council of the Republic was thanked for its active and effective participation in the legislative process.

Draft of Plenum of the Supreme Court of the Republic of Belarus on Liability in the Sphere of Environmental Law (Model of Compensatory Protection of the Environment). Julia's proposals were taken into account in the preparation of the draft normative act.

Law enforcement practice and expertise

At the request of the **Court of the Eurasian Economic Union** to the Law Faculty of the Belarusian State University in July 2023, Julia Lysakovskaya prepared an expert opinion on the application of the business entity to recognize the decision of the Eurasian Economic Commission not in conformity with the Treaty on the Eurasian Economic Union and violating rights and the legitimate interests of the applicant and its official (General manager) in the sphere of business and other economic activities (pharmaceutics). In August 2023, the court handed down a decision based on this expert opinion. This fact testifies to the high level of qualification of Julia, her competence and ability to build a logical and consistent legal position.

Since the above, I strongly recommend considering Julia Lysakovskaya as an arbitrator due to the fact her academic training, practical experience and personal qualities (the ability to act as a mediator, independence and impartiality) fully meet the requirements for arbitrator.

Sincerely yours,

Prof. Natalia Bondarenko
